

Individual Accountability Regime

Gain full confidence & strengthen your individual accountability controls

The Star Individual Accountability Regime (IAR) solution empowers institutions in the banking, insurance, and advice sectors to strengthen individual accountability and effectively demonstrate regulatory compliance across global regimes including SMCR (UK), IAF (Ireland), IAC (Singapore) and FAR (Australia).

Star IAR simplifies processes, makes them more efficient and accurate, and reduces costs.

Key Benefits

- A clear understanding of what is required
- A systematic way of dealing with and keeping track of constant change
- Comprehensive and proactive governance and oversight
- Streamlined and consistent business processes and quality

Meet and Exceed the Demands of Individual Accountability Regimes

Star IAR enables complete traceability and gives confidence that you're meeting regulatory obligations. Key benefits include:

➤ Risk Reduction and Assurance

- Reduced risk of failures and fines
- Assurance for executive and non-executive directors
- Clear evidence of 'Reasonable Steps'
- Complete visibility

➤ Time and Cost Savings

- Reduced disruption to your business
- Much less reliance on SMEs and stretched resources
- Decreased duplication of tasks and effort
- Reduced need for 'check and chase'

➤ Accuracy and Record-Keeping

- Built-in regulatory compliance
- Active compliance validations
- Complete version control
- Live change monitoring

➤ Efficiency and Transparency

- Ownership and responsibility of cross-functional compliance
- Full live audit and accountability trail
- Complete process control
- Configurable solution
